

I'm pleased to nominate Agatha A. Sanchez for the Sons of the American Revolution Bronze Good Citizenship Medal. Agatha is "That person who knows what needs to be done, and then works to make it happen".

Founder and lead worker, Agatha has gained the support of 31 churches, student volunteers, community leaders and everyday individuals to celebrate community, not one but 8 years in a row, with the annual "Community Feast" on the Sunday before Thanksgiving. While anyone within the Sweeny ISD is invited, many guests from far and wide attend. Annual attendance has exceeded 1000 servings in each of its years of service.

She is now working with the Columbia-Brazoria ISD community to share her ideas to assist them in developing a similar event.

This year working with other officers of the Brazosport Student Construction Association (Agatha serves as President) the "Coat of Many Colors" drive was launched. The intent was to help school children throughout the Brazosport area to keep warm this winter, and this initiative was highly successful.
